The James H. Hall Plow Company Remembers the Firemen.

The James H. Hall Plow Company has sent to the four Fire Companies of this city a letter of which this is a copy—

MAYSVILLE, KY., July 23d, 1900.

To the Officers and Members of Washington Fire Company, Maysville, Ky.—

Gents: We herewith hand you our check for fifty dollars, which we beg to accept as a recognition of your prompt and efficient services rendered during the fire which occurred in our factory January 22d, 1900. Respectfully,

JAS. H. HALL, PLOW COMPANY.

This is certainly a handsome recognition of the services of the Firemen, and an act which attests the liberality of the gentlemen composing the Plow Company.

MRS. D. C. HUTCHINS.

Death This Morning Removes From Maysville This Good Lady.

Friends will be pained to learn of the death Mrs. Claudia Baker Hutchins, wife of Mr. Dimmitt C. Hutchins, which occurred at the family residence, 31 West Fourth street, at 1:30 this morning.

Mrs. Hutchins was the daughter of Mr. and Mrs. I. J. Baker and was born October 30th, 1873, at Spring Mountain, O.

On June 30th, 1897, at her home at Coshocton, O., she was united in marriage to Mr. Dimmitt C. Hutchins of this city.

Mrs. Hutchins was educated in the Ohio Wesleyan University, graduating from the latter institution in 1895.

It was while in college that she and Mr. Hutchins became acquainted, they being members of the same class.

Mrs. Hutchins was a lady of great culture and refinement and from childhood had had a beautiful Christian life.

Her untimely death is sincerely mourned, not only by the devoted family circle she leaves, but by the large number of friends she had made while residing here.

The funeral will take place from the home Thursday morning at 10 o'clock, with services by the Rev. F. W. Harp of the M. E. Church.

Interment in the Maysville Cemetery.

A CHILD ENJOYS

Miss Rida Payne of Lexington, who has frequently visited in this city, is now enjoying a tour of Europe.

Business men who lack the vim, snap and vigor of Charles B. Skinner should use the "Killing Sport" Skinner.

H. J. Cochran, Secretary.

Heard.

Let slowly and not too freely of easily digested food. Medicate the food thoroughly. Let six hours elapse between meals and when 7 o'clock is reached, a slight dose of Chamberlain's Stomach and Liver Tablets will be most amply provided. For sale by J. Jas. Wood & Son, Druggists.

Those who live on farms are especially liable to make many cuts, burns and bruises which heal rapidly when Chamberlain's Ointment is used. Price, 50 cents. J. Jas. Wood & Son.

The State Grand Lodge of the colored Knights of Pythias will be held at Georgetown on Friday, July 27th.

G. W. Rogers & Co.'s whisky is guaranteed to be strictly straight and pure. No spirits or rectified goods sold.

The blood is strained and purified by the kidneys. No hope for health while the kidneys are weak. Foster's Kidney Pills are the only remedy that will cure the blood. Nothing else will. J. Jas. Wood & Son, Druggists.

Snoden R. Fournier, aged 28, a carpenter of this county, and Miss Sadie P. Manley, aged 19, were married at West Union last week.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the world. It is used by men and women everywhere for everything that ails the system, and that is all they need when feeling ill. It is the only medicine that will cure the blood. Only used a few drops of Green's August Flower, in liquid form, to make you satisfied there is nothing wrong the matter with you. For sale by J. Jas. Wood & Son, Druggists.

Over 2,000 Democratic Precinct Election Boards, 119 Democratic County Election Boards, and a solidly Democratic State Legislature, all created by the creation of Mr. Goebel or his agents—certified to the following vote cast at the election held in Kentucky on Tuesday, November 7th, 1900.

William S. Taylor... 163,714  
William Goebel... 191,331

Taylor's Plurality... 2,833

The Goebel Law is the most fitting monument that GOEBEL could have.

AFTER an illness of two weeks the Editor of THE LEADER is once more on duty. Now is the time to subscribe.

The repeal of the Goebel Law by the men who have become its beneficiaries would be a wanton insult to the memory of GOEBEL.

REPUTABLE lawyers are not in the habit of traveling in disguise and under assumed names. Only chancers like TOM CAMPBELL indulge in such contemptible methods.

TOM CAMPBELL has combined the profession of snitcher with his criminal law practice, and he is now open for all engagements—the dirtier the job the better it will suit him.

TOM DAVIS of THE MAYSVILLE LEADER is sufficient to prove the existence of anything yellow in the columns of THE LEADER.—*Manchester Signal.*

You are right, Brother; every line of it is read.

TOM CAMPBELL made a recent trip to Big Stone Gap, Va., and was so heartily ashamed of his real name that he traveled under the alias of "J. KAMER." Next time let him suit under his true colors, "TOM SCOTCHDREL."

THE LEADER's good friend A. O. STANLEY, he of huckleberry fame and Flemingsburg, who now sojourns at Henderson, was one of the wind jammers at the late Goebelian gathering at Lexington.

A report of his speech contains this somewhat remarkable statement—

"He was even more extravagant than all the other speakers in his eulogy of Senator Goebel, likening his death and its results to mankind to the crucifixion of our Savior."

If this sacrifice keeps on, the Savior will soon be playing second fiddle to GOEBEL.

HOS. WILLIAM L. TAYLOR, Attorney General of Indiana, expresses great interest in the trial of CALLES POWERS at Georgetown, and gives his opinion that the Supreme Court cannot allow a verdict of guilty to stand against POWERS on such an indictment as that on which he is being tried.

"The indictment does not name the principal to the crime," said General Taylor, "and the Supreme Court would have to reverse its rulings on numberless cases to sustain such an indictment. The one thing of my official career of which I am proud is that I stood back of Governor MOTON in his defense of Governor TAYLOR."

News, news, news! It's enough to give a man the blues. Nobody married and nobody dead; nobody born in an arm or a head; nobody came to talk of the "era-pia"; no one got bonny and started a serap; no one got run in for taking a horse; nobody buried and nobody born. Oh, for a racket, a riot, a fuss! Someone to come in and kick up a fuss; someone to stir up the peace-laden air; somebody's comment to give us a scare. Somebody thumped within an inch of his life; somebody run off with another man's wife; someone come in and pay up their dues; something, anything, just so it's news.

Mr. Fred W. Bauer, job printer, of 4 East Second street, says:

"For a year or more I had considerable pain in my back. The secretions from the kidneys were dark, and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. K. Wood & Son's Drugstore, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use."

THE LEADER'S good friend A. O. STANLEY, he of huckleberry fame and Flemingsburg, who now sojourns at Henderson, was one of the wind jammers at the late Goebelian gathering at Lexington.

A report of his speech contains this somewhat remarkable statement—

"He was even more extravagant than all the other speakers in his eulogy of Senator Goebel, likening his death and its results to mankind to the crucifixion of our Savior."

If this sacrifice keeps on, the Savior will soon be playing second fiddle to GOEBEL.

HOS. WILLIAM L. TAYLOR, Attorney General of Indiana, expresses great interest in the trial of CALLES POWERS at Georgetown, and gives his opinion that the Supreme Court cannot allow a verdict of guilty to stand against POWERS on such an indictment as that on which he is being tried.

"The indictment does not name the principal to the crime," said General Taylor, "and the Supreme Court would have to reverse its rulings on numberless cases to sustain such an indictment. The one thing of my official career of which I am proud is that I stood back of Governor MOTON in his defense of Governor TAYLOR."

# WILL HELP CHINA

McKinley Willing to Mediate Between the Imperial Government and the Powers.

BUT ONLY UPON CERTAIN CONDITIONS  
It is Thought That China Will Agree to the Terms and the Whole Trouble Settled.

It Looks to the Relief of the Foreign Missionaries in Peking and to the Protection of All Foreigners in China.

Washington, July 24.—The president has listened to the appeal of the Chinese government, as transmitted through Minister Wu, and has signified his willingness to mediate between the imperial government and the powers, but only upon conditions which first must be met by the Chinese government. The exact nature of the terms proposed by the state department can not be stated, but it is known, however, that the answer is entirely consistent with the statement of principles laid down by Secretary Hay in his identic note to the powers, and, moreover, is a faithful statement of the Chinese statements relative to the safety of the foreign ministers at Peking.

It would not, of course, be possible to take even the initial steps toward mediation were either party to the negotiations to entertain openly any distrust of the accuracy of the statements of the other. There must be confidence between them. The United States' answer does not go to the length of the French answer to a similar appeal in laying down conditions which the Chinese government could not meet, even if it is disposed, if it is actually struggling for existence. It does, however, look to the immediate relief of the foreign missionaries in Peking, and, moreover, to the protection of all foreigners, missionaries and traders in China, and to the restoration of order.

The Chinese appeal came to Secretary Hay through Minister Wu. The secretary promptly telegraphed it to the president at Canton, and, after taking a full day for its consideration, the president's answer came to the state department. It was put in the proper diplomatic form and a copy delivered to Minister Wu, who is to forward it to his own government. It is expected that adverse criticism upon the action of the state department in this matter will be heard from Europe, where the governments are acting upon the belief that all of the foreign ministers in Peking have perished, but our government, nevertheless regards its course as the correct one. All of the European governments have taken the stand above indicated. The last of the answers to Secretary Hay's note reciting the Congress message have come, and all of them, in terms polite and diplomatic, express utter inability in the authenticity of the Congress message. Consul General Goodnow, himself a man of good judgment, has issued a warning to Secretary Hay against the acceptance of the message without confirmation. But the state department has not been deterred by the message in all of its aspects, has carefully weighed the numerous objections and suspicions put forth here and in Europe, and has concluded, after testing the authenticity of the message, feels it to be a matter of prime duty to act upon the theory that it is genuine.

## Condition of Commerce.

London, July 24.—Commerce just received here says that Col. Wilcocks, the commander of the relief column in Ashanti, describes his entrance into the city as a scene of horror and desolation, burned houses and putrid bodies being visible on all sides. He adds that the native soldiers were too weak to stand, and that the British officers thanked God for the relief, as a few days more, they declared, would have seen the city of Accra in ruins.

Tuscaloosa, Ala., July 24.—Eleven Negro men were drowned in the Warrior river near Tuscaloosa, Ala., by the capsizing of a skiff.

# MORE SENSATIONAL EVIDENCE

It Powers Is Convinced the Defense Will Move for a New Trial on Certain Grounds.

Georgetown, Ky., July 24.—The Powers trial developed several new and sensational features. In addition to the testimony, which was nearly as interesting as on any previous day, there was a spat between ex-Gov. John Young Brown, senior counsel for Powers, and the court, in which both the attorney and the judge exchanged a hot passage of conversation. Powers should be convicted, and given even a light sentence, the defense will move for a new trial on the ground that the statements of the witnesses who testified were Lieut. John Bicketts, of Barboursville, and Wade H. Watts, a very intelligent Negro, who gave circumstantial evidence against Henry Youtsey, which was regarded as very damaging. Bicketts' testimony was very favorable to Powers. He not only testified that Powers did all he could to keep the members of the mountain army which he brought to Frankfort on January 25 sober and orderly, but he also gave testimony the inference from which Lieut. Goebel was shot from the second story of the executive building, instead of from Powers' office, which was the crowd of mountain men.

W. P. Reeder, of Knox county, saw Charles Finley at the depot at Barboursville on the evening of January 25, and, moreover, saw the witness being made up to go to Frankfort. Witness asked Finley if Goebel would not be killed. Finley replied with a gesture that he would not be surprised. Witness asked how he would be killed, and Finley replied that it would probably happen in less than five days. Witness then prepared to go to Frankfort with the crowd, but he told him what Finley said and commanded him to remain home.

Witness said the conversation with the Finley took place in the presence of Wharton Golden. Wade H. Watts, colored, one of the janitors in the adjutant general's building, said that on Saturday before the shooting, the day of the Van Meter, Bicketts and others were in the building. One of them said there was likely to be a fight any minute. Green Golden, colored, who was in the building, said that on Saturday before the shooting, the day of the Van Meter, Bicketts and others were in the building. One of them said there was likely to be a fight any minute. Green Golden, colored, who was in the building, said that on Saturday before the shooting, the day of the Van Meter, Bicketts and others were in the building. One of them said there was likely to be a fight any minute.

On the day of the assassination witness said he was in the barber shop in the basement of the executive building. Immediately after the shooting witness said Henry Youtsey ran into the basement, coming from the steps leading up to the secretary of state's office. Youtsey was running, and as he passed exclaimed: "Great God, what is that shooting about?" Youtsey did not stop, but ran on out of the room. He held his coat as if he had some kind of object concealed under it. The shot's sound led to the witness as if they were fired from the secretary of state's office.

## No War in Venezuela.

New York, July 24.—Luther T. Ellisworth, of Cleveland, United States consul at Puerto Cabello, Venezuela, was a passenger on the steamship Glinda. "President Cipriano Castro is one of the best people I have ever known. He had Castro has all the state of Venezuela in charge of trusted military men fully able to suppress an incipient insurrection at any time."

# SAFE AND WELL.

All the Foreign Ministers in Peking—Are Said to Be Alive on July 18.

## THE CHINESE OFFICIALS' STATEMENT

An Effort Was Being Made to Send Them all to Tien-Tsin Under an Armed Escort.

Another Report Says That All Have Been Massacred, Which Is the General Belief of All the Officials in London.

London, July 24.—The Chinese minister, Sir Chih Chen Lo Feng Luh, has communicated to the press the following from Sheng, director general of Chinese railways and telegraphs, and tatal of Shanghai, dated Shanghai, July 23:

"Information from Peking, dated July 18, says that the Tung Li Yam deputy Wu Jui, an under-secretary of the department, to see the foreign ministers, found every one well, without any missing, the German excepted.

"Gen. Yung Lu is going to memorize the throne to the all under-secretary to Tien-Tsin, in the hope that the military operations will then be stopped."

The Shanghai correspondent of the Daily Mail, telegraphing July 23, says: "A letter from a Chinese official in Shan Tung has been received by a native functionary here, containing the following passages: 'At the beginning of the month the foreign missionaries made several attempts to

send messages out of Peking, but, thanks to the strict watch kept on the city, the bearers were all caught and executed. On the 18th there were 400 foreigners, much exhausted, were left alive in Peking, and one night, when the big guns were incessantly fired, it was known that all the legations and foreigners were finished, although pretended telegrams contradicted these facts."

There is nothing further that throws any light upon the mysterious situation. Two urgent dispatches were addressed by the Chinese minister to the Peking government, and also to the director of telegraph administration, strongly advocating the necessity of restoring telegraphic communication, with a view of enabling the powers to obtain proof of the safety of the foreign ministers. Until such proofs are secured no one here is inclined to alter the opinion that the Chinese are merely juggling to gain time.

Rumor circulates briskly around the personality of Li Hung Chang. He is credited with a mission to offer to cede to the allied powers two provinces as indemnity for the Peking outrages, and also to offer to restore order and to give facilities for trade with the outside world, on condition of the surrender of Kiao Choo, Wei Hai Wei and Manchuria by the powers and the withdrawal of all missionaries. Little attention, however, need be paid these rumors.

In a private message from Shanghai it is asserted that Li Hung Chang believes that the object of his journey is to place the regular Chinese army in line with the allied troops for the suppression of the Boxers.

## WOUNDED WERE NOT SHOT.

A Sensational Report About Adm. Seymour Not Verified by His Official Report.

San Francisco, July 24.—There is nothing in the extensive report of Adm. Seymour, which has been received here by the cablegram from Manila, to prove the sensational story circulated early this month that Adm. Seymour, who commanded the Peking relief expedition, killed his wounded to save them from the Chinese.

The admiral's report, which is an elaborate version of the cablegram published on the 30th of June, makes not the slightest mention of the affair, but, on the contrary, goes into particulars of the bravery of the allies in guarding the wounded, who were placed in flat boats and towed down the river by details of soldiers and marines while the main body of the troops fought the Chinese off with rifles and Maxims.

## Doubted by German Officials.

Berlin, July 24.—The Berlin government and press continue to disbelieve the assurance of the Chinese authorities that the Peking legations are safe. The foreign office surmises that the Conger dispatch was either sent about simultaneously with the dispatches of Dr. von Bergen, secretary of the German legation, and Sir Robert Hart, but suppressed or was captured from the messenger to whom it was intrusted, and is now produced to create the desired effect in Washington, or, on the other hand, that the whole dispatch was conceived for purposes of deception, with the aid of a cipher key whose how obtained.

## Gen. Chaffee's Aide.

Washington, July 24.—Although the orders have not been issued, it is pretty generally understood in military circles that Brig. Gen. Frederick D. Grant, U. S. V., and Brig. Gen. Thomas H. Barry have been selected for assignment to duty with the military division in China. Their assignment, together with that of Brig. Gen. James H. Wilson, U. S. V., already announced, will give Maj. Gen. A. R. Chaffee, commander-in-chief, several other officers of recognized ability to assist him in the management of military operations in China.

## All Foreign Ministers Safe.

Paris, July 24.—M. Delesclaux, minister of foreign affairs, has received a telegram from the French consul at Che-Poo, dated July 21, saying: "The governor informs me that, according to reliable news from Peking, all the

the slightest mention of the affair, but, on the contrary, goes into particulars of the bravery of the allies in guarding the wounded, who were placed in flat boats and towed down the river by details of soldiers and marines while the main body of the troops fought the Chinese off with rifles and Maxims.

## HEAVY LOSS TO THE BRITISH

Severe Fighting During the Last Three Days at the Vicinity of Derdepoort.

London, July 24.—The Daily Express has the following from Maharaj, dated Monday, July 23: "There has been severe fighting during the last three days, and the Boers have inflicted heavy losses upon the British at Derdepoort. Six hundred women and children from Pretoria, including Mesdames Kruger, Botha and Meyer, have arrived at Harpersburg."

Letters reaching London from the British in Orange River Colony say that both men and horses are on short supplies and in need of food and work. If this be true, there is little cause for wonder at the failure to capture De Wet and at the apparent necessity of the operations.
